Art Unit: 3744

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 5,357,767 to Roberts. Roberts discloses the claimed invention, including the discharge velocity of the second air stream SC or TC being 1.4 times greater than the discharge velocity of the first air stream PC.

3. Applicant's arguments filed April 11, 2007 have been fully considered but they are not persuasive. Applicant now attempts to define over Roberts by stating that the average velocity of the air curtains must have the claimed ratio of 1.4. However, the claims do not reflect this narrow reading of Roberts. The claims merely recite that the second discharge velocity must be at least 1.4 times greater than the first discharge velocity. It was established in the last Office action that Roberts discloses this claimed ratio. The claims state nothing about average velocities.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 3744

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
